-------------------	---------------

AVDATA has been engaged by a number of Airport Owners to issue accounts and receipt payments on their behalf.

AIRCRAFT CHARGES are levied by Airport Owners for use of their airports, and are a contribution to airport operation and maintenance. Charges may apply for landing, departing, parking, training or other activities.

THIS FORM allows charges to be redirected from the Certificate of Registration holder of the aircraft to another person. The form should be used if aircraft are hired to or operated by another person who agrees to pay all airport charges incurred. This application is subject to approval by Avdata on behalf of the Airport Owners.

SEND THE FORM promptly, to reach Avdata before the 7th day of the month to allow processing before monthly accounts are generated. If the form is incorrect or incomplete the charges cannot be redirected. It is the responsibility of the Certificate of Registration holder to ensure that the form is properly submitted to Avdata before charges are incurred. Late applications may not be accepted.
